

## ***Uncompromising purity meets modern convenience with the Nexus Brio water purifier.***

This innovative system harnesses cutting-edge technology to deliver clean, safe, and delicious drinking water right to your tap. Dive into the specifications and discover how Brio elevates your hydration experience:

### ***1. Multi-Stage Purification:***

- **RO Membrane:** Removes impurities like heavy metals, salts, and bacteria with unmatched efficiency.
- **UV Lamp:** Neutralizes harmful microorganisms, ensuring complete disinfection.
- **(Optional) UF Membrane:** Provides an additional layer of protection against viruses and bacteria.
- **(Optional) Mineral Cartridge:** Enhances taste and adds essential minerals for optimal health.

### ***2. Superior Performance:***

- **Purification Capacity:** Up to 15 liters per hour, meeting the needs of even large families.
- **Storage Tank:** Choose from 10L or 12L options to suit your usage and space.
- **Auto Shut-Off:** Ensures safety and prevents overflow.
- **Smart Indicator:** Alerts you when it's time to replace filters for optimal performance.

### ***3. Sleek Design & Convenience:***

- **Wall-Mountable or Countertop:** Choose the placement that fits your kitchen perfectly.
- **Modern Aesthetics:** Stylish and compact design complements any kitchen décor.
- **Easy Maintenance:** User-friendly filter replacements for continued peace of mind.

### ***4. Additional Features:***

- **(Optional) TDS Controller:** Adjusts mineral content for personalized taste preferences.
- **(Optional) Copper Cartridge:** Infuses water with essential copper for added health benefits.
- **(Optional) Alkaline Cartridge:** Increases water pH for a smoother taste and potential health advantages.
